Village Improvement Association Donates to Six Local Nonprofit Organizations

DOYLESTOWN — The Welfare Committee of the Village Improvement Association of Doylestown (VIA) continued their annual tradition of holiday giving by distributing \$17,500 among six local nonprofits in December 2014.

Susan Pajer, treasurer of the committee, visited with five of the organizations to personally present each recipient with their gift. Dedicated volunteers show up every day and work diligently to lighten the burden of our neighbors in need. The Welfare Committee supports their efforts with an annual donation.

The organizations the VIA supports provide the following services to qualified residents in need:

- Mental Health Services
- Family Food Distribution
- Medical Treatment, Transportation & Medicine
- In-Home Meal Delivery
- Temporary Shelter for Displaced Families
- Financial Assistance With Rent, Heat and Utility Costs

A personal visit allows the nonprofit to provide updates on their accomplishments, milestones and challenges. This year's recipients include: A Woman's Place, FISH, Meals on Wheels, The Ann Silverman Community Health Clinic, Lenape Valley Foundation and the Doylestown Food Bank.
